What is a Children's Trust?

A Children's Trust is a group of organisations which work together to get better results for every child and young person in the area.

What does a Children's Trust do?

- Makes decisions about services for children and young people
- Takes responsible for the Children and Young People's Plan which works to improve the lives of children and young people

Why should the Trust be important to you?

Because it takes the lead on making sure that services are the best they can be for you. It works on your behalf. To do that properly it needs to be open and within reach of all children and young people

What is a logo and why is it important?

A logo is a sign, symbol, slogan or anything that is used to identify a product or service. A good logo for the Trust is important in making the Trust easy to reach by everyone, especially children and young people.
